We are waiting for some Covid relaxations mooted by the State Government but we can still only fit 88 inside the Club and 12 on the verandah. Please remember to book ahead so your table will be waiting for you when you arrive.

Given these current limits, we have changed the closing time for the bar and bistro on Sunday, Monday and Tuesday. The bistro takes last orders at 8.30 pm and the bar closes at 9 pm. If there are any marquee events in the Club the times will be relaxed accordingly.

The Sub Branch is required to undertake some urgent building works on some of the foundations in the North Bondi Fish restaurant below us. That work is confined to their area and commences on 12 October. Some cement removal noise impact is likely from Monday to Thursday from 12 midday to 3 pm for about 6 weeks. We intend remaining open for lunch and will monitor carefully to ensure all of you are able to enjoy your time.

John Ferguson, elected to the Board at the last AGM, has decided to stand down as a Director. He will continue to be an active member and supporter of the Club. John has served on the Board at various times for a number of years and I thank him on your behalf for his input to the Club. John's departure creates a Club (not Sub branch) member casual vacancy. We are looking to fill that as soon as possible.

Please keep your feedback and suggestions coming so we can continue improving. We want to be your North Bondi and local community venue of choice.

See you at the Rathouse and always stay safe.
